INDEPENDENT AUDITORS' REPORT

To the Advisory Board of
PIONEER VALLEY TRANSIT AUTHORITY
2808 Main Street
Springfield, MA 01107

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the business-type activities of the Pioneer Valley Transit Authority, as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Pioneer Valley Transit Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the business-type activities of the Pioneer Valley Transit Authority, as of June 30, 2023 and 2022, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Pioneer Valley Transit Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pioneer Valley Transit Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

100 NORTH STREET, PITTSFIELD, MA 01201, PHONE (413) 443-6408, FAX (413) 443-7838

MEMBERS: AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS, MASSACHUSETTS SOCIETY OF CERTIFIED PUBLIC ACCOUNTANTS

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pioneer Valley Transit Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Pioneer Valley Transit Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on page 5, the Schedule of Change in Net Pension Liability and Related Ratios, the Schedule of Pension Contributions, and Schedule of Changes in Net Other Postemployment Benefits (OPEB) Liabilities and Related Ratios, and Schedule of OPEB Contributions on pages 41 to 48 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Pioneer Valley Transit Authority's basic financial statements. The accompanying supplementary information on page 49 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 22, 2023 on our consideration of the Pioneer Valley Transit Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Pioneer Valley Transit Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pioneer Valley Transit Authority's internal control over financial reporting and compliance.

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis

For the Year Ended June 30, 2023

As the Administrator of the Pioneer Valley Transit Authority (the Authority), I offer readers of the Authority's financial statements this overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2023.

Reporting Entity

The Authority provides public transportation and operates under Massachusetts General Laws (MGL) Chapter 161B as a body politic and a corporate and political subdivision of the Commonwealth of Massachusetts. The Authority is a component unit of the Massachusetts Department of Transportation. Massachusetts provides funding to the Authority. See Note 1 to the financial statements for additional information on the reporting entity.

The Authority owns, manages, and has direct capital responsibilities for rolling stock, facilities and equipment. Currently, the Authority has a total of 370+ revenue vehicles in its inventory that fall into categories such as articulated buses, transit buses, cutaway buses and minivans. The Authority uses nine facilities in the provision of its transit services, of which it has direct capital responsibility for seven. Equipment includes non-revenue support vehicles, passenger waiting shelters and other equipment which is divided into two categories: facilities critical equipment and support equipment. Through the Authority's Transit Asset Management Plan (TAM Plan), the Authority has established and maintains an investment strategy to ensure its capital assets are kept in a state of good repair. State of good repair is defined as the condition in which a capital asset is able to operate at its intended level of performance throughout its useful life

Impact of COVID-19 on the Authority's Fiscal Year 2023 Operations

The Authority continued operating reduced weekday service with increased service frequency on certain routes in response to the availability of the workforce. Fixed route ridership for fiscal year 2023 was 32% lower than pre-COVID ridership levels. In terms of recovery, at the end of the fiscal year, system-wide ridership was at about 68% of pre-COVID ridership levels; SATCo at 64%, VATCo at 75%, and UMass at 73%. Three routes, the 33, 36, and B43, exceeded their pre-covid ridership. 10 bus routes (G2, G3, B4, G5, R14, P21E, 36, R41, R42, and X92) saw higher ridership in June 2023 than in the September 2021 reference month. Paratransit ridership continues to increase steadily and has rebounded to just over 68% of pre-pandemic levels.

To continue to ensure the safety of our drivers and passengers, the measures implemented in previous years were continued including cleaning technologies, increased time spent on cleaning and disinfection of vehicles and optional nose and mouth covering. The Authority completed the installation of permanent driver barriers on all vehicles, these barriers are now standard, as is, plastic passenger seating and modified securement system for mobility devices. In addition, the Authority continued operating air purifiers on all transit buses as well as in common areas at all Authority facilities.

The Authority implemented the contactless mobile fare payment App, MassDOT BusPlus, on July 19, 2020. At the end of the fiscal year, 69,000 monthly mobile ticket activations account for about 15% of the total fare-paying rides. One-rides and passes continue to be the most popular tickets being bought on the App. The platform has become the preferred method of payment by Holyoke Community College students, as well as Springfield Technical Community College students.

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis

For the Year Ended June 30, 2023

The Authority's operating costs, because of the pandemic, are expected to continue to increase as the economy recovers and ridership slowly increases. The biggest impact of the pandemic has been the workforce. Staffing continues to be a problem for many transit systems, and the Authority is no exception. Each of the Authority's operators is experiencing labor challenges to some degree. The Authority continued the broad-based media campaign to support hiring efforts for each operator, including radio, social media, email, and other advertising media, to raise awareness of our staffing needs. In the meantime, in an effort to attract more operators, the Authority had to institute a new in-house CDL Operator Trainee program utilizing a CDL course leased by MassDOT. The labor related service adjustments throughout the transit service area affecting service frequency required the Authority to conduct a public participation plan to obtain comments from the riders as the period of service extended over the initial six-month period.

COVID-19 and the Fiscal Year 2024 Budget

The Authority's fiscal year 2024 budget approved by the Advisory Board is made with the following assumptions for fiscal year 2024 as it pertains to the approved budget: State Contract Assistance (SCA) is funded at above fiscal year 2023 levels; local assessments funded at 100%; advertisement at 100%; other subsidy at 100% and, fare revenue collection funded at 80% of 2019 pre-COVID levels. Expenses for fiscal year 2024 include an increase in labor and benefits for the fixed route contractor due to contractual obligations as well as an increase in insurance and legal expenses attributed the structure of the management contract as well as ongoing arbitration cases. Paratransit expenses also include an increase in labor and benefits due to contractual obligations. Expenses for fiscal year 2024 also reflect continued monthly expenses in labor and supplies associated with additional cleaning and disinfecting of the vehicles and facilities although not as high as in previous years. Expenses are reflective of the interest rate of the revenue anticipation notes increasing due to higher market rates at time of sale as well as an increase in utilities due to the fleet being moved over to cellular communications for data especially the paratransit fleet and the real time information that is available on all the on-board monitors.

The Authority continues the contactless mobile fare payment option implemented during 2021. This system has shown a steady increase in sales using that platform. The Authority will complete the installation of ticket validators on the fixed route system to continue to support and expand the contactless mobile payment during this fiscal year.

Paratransit operation assumptions are based on predictions of restored ridership levels of approximately 70% for fiscal year 2024, as compared to pre-pandemic levels as the communities and residents continue to return to pre-pandemic transit needs. The COA's of the member towns are fully open and ridership is expected to continue to steadily increase in part due to the expanded hours of operation for the Dial-A-Ride program available to seniors that allows them to travel on Saturdays.

The Authority's expenses in other categories have also been directly affected by COVID-19. The fuel expense is expected to increase due to current fuel market still being affected by the war in Ukraine. The worker shortage caused by the pandemic continues to directly affect the Authorities' expenses as the number of employees affects the ability to deliver service and maintain the fleet and facilities. PFMLA also has an effect on the workforce available on a daily basis making it difficult for operations to maintain day to day service, fleet and facilities.

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management’s Discussion and Analysis

For the Year Ended June 30, 2023

Federal CARES Act Funding

The Authority was awarded federal operating assistance under the Coronavirus Aid Relief and Economic Security (CARES) Act through an existing federal program 49 USC Section 5307. The funding is to cover eligible operating expenses and other costs, net of fare revenue, incurred as part of the Authority’s response to COVID-19 beginning on or after January 20, 2020. Per the CARES Act and the awarding contract, the funding covers 100% of eligible expenses and does not require state or local matches. The following contract was awarded to the Authority:

	Performance Period	Total Contract Amount	Funds Spent through Fiscal Year 2022	Funds Spent in Fiscal Year 2023	Remaining Contract Amount
Federal CARES Act Funding					
Federal Section 5307	1/20/2020 until spent	<u>\$ 36,615,416</u>	<u>\$ 13,364,279</u>	<u>\$ 2,586,400</u>	<u>\$ 20,664,737</u>

Financial Highlights

- The assets and deferred outflows of resources of the Authority exceeded its liabilities and deferred inflows of resources at June 30, 2023 by \$61,183,735.
- The total operating revenue increased \$1,100,515 or 21% from fiscal year 2022.
- The total operating expenses increased \$5,433,060 or 11% from fiscal year 2022.
- The Authority’s net cost of service, after applying operating assistance and revenues, for eligible reimbursable expenses for fiscal year 2023 was \$36,764,577. The net cost of service was funded with local assessments of \$9,876,792 and state contract assistance of \$26,887,785. The calculation of the net cost of service can be found on page 49 of this report.
- The Authority expended \$17,383,009 on capital assets, which were funded with federal and state capital grants.

The Authority’s operations are funded annually through a state required computation of the net cost of service. Except for the establishment of a restricted reserve, as allowed under Massachusetts General Laws, the Authority’s funding cannot exceed its net cost of service.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements, which consist of the Statement of Net Position, Statement of Revenues, Expenses and Changes in Fund Net Position, Statement of Cash Flows and Notes to the Financial Statements. The Authority is a special purpose government engaged only in business-type activities. As such, its financial statements consist of only those required for enterprise funds and notes to the financial statements.

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis

For the Year Ended June 30, 2023

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found on pages 10 through 40 of this report. In addition to the basic financial statements and accompanying notes, this report also presents information on the Authority's net pension and other postemployment benefit liabilities, which are required supplemental information. The required supplementary information and other supplementary information can be found on pages 41 to 53 of this report.

Government Financial Analysis

The Authority's net position consists almost exclusively of its net investment in capital assets (e.g. land, buildings, revenue vehicles and equipment); less any related debt used to acquire those assets that are still outstanding. The Authority uses these capital assets to provide fixed route and paratransit services to individuals within its service area; consequently, these net assets are not available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt, if any, must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. A summary of the Authority's net position is as follows:

Summary of Net Position

	<u>6/30/2023</u>	<u>6/30/2022</u>	<u>Change</u>
Total current assets	\$ 25,985,220	\$ 26,976,190	\$ (990,970)
Investment in Holyoke Intermodal Facility, LLC	3,927,987	3,946,359	(18,372)

Deferred inflows related to other post employment benefits	6,370,718	9,069,423	(2,698,705)
Total liabilities	<u>84,091,747</u>	<u>83,847,753</u>	<u>243,994</u>
Investment in capital assets, net of related debt	106,132,873	107,497,944	(1,365,071)
Restricted reserve	1,927,179	1,862,201	64,978
Unrestricted	<u>(46,876,317)</u>	<u>(45,904,366)</u>	<u>(971,951)</u>
Total net position	<u>\$ 61,183,735</u>	<u>\$ 63,455,779</u>	<u>\$ (2,272,044)</u>

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis

For the Year Ended June 30, 2023

The Authority's assets exceeded its liabilities by \$61,183,735 at the close of fiscal year 2023. An additional portion of the Authority's net position, shown as "restricted reserve", represents resources that are subject to approval of the Secretary of Transportation. As of June 30, 2023, the Authority's reserve for extraordinary expenses was \$1,927,179. During fiscal year 2023, the Authority's unrestricted net position decreased a net amount of \$971,951 from fiscal year 2022 for a total negative unrestricted balance of \$(46,876,317) at June 30, 2023. The negative unrestricted net position of \$46,876,317 is primarily the result of the Authority reporting its projected long-term obligations for its net pension liabilities of \$2,194,473 and other postemployment benefits liabilities of \$42,823,031. The recognition of these long-term liabilities are estimates based on actuarial valuations.

A summary of the Authority's revenues, expenses, and changes in fund net position is as follows:

Summary of Statement of Revenues, Expenses and Changes in Fund Net Position			
	<u>6/30/2023</u>	<u>6/30/2022</u>	<u>Increase (Decrease)</u>
Operating revenues	\$ 6,274,786	\$ 5,174,271	\$ 1,100,515
Reimbursable operating expenses	56,647,278	53,017,613	3,629,665
Nonreimbursable operating expenses (recovery) -			
Change in net pension and OPEB liabilities	565,180	(1,226,870)	1,792,050
Change in lease related asset and obligation	87,135	75,790	11,345
Operating income (loss)	(51,024,807)	(46,692,262)	(4,332,545)
Total non-operating revenues (expenses)	50,437,470	48,125,368	2,312,102
Income (loss) before capital contributions and other items	(587,337)	1,433,106	(2,020,443)
Capital contributions	17,383,009	15,827,346	1,555,663
Nonreimbursable depreciation	(18,480,218)	(20,017,934)	1,537,716
Other changes	(587,498)	(603,875)	16,377
Change in net position	(2,272,044)	(3,361,357)	1,089,313
Net assets, beginning	63,455,779	66,817,136	(3,361,357)
Net position, ending	\$ 61,183,735	\$ 63,455,779	\$ (2,272,044)

Operating revenues increased \$1,100,515 or 21% from the prior year comprised of an increase in fixed route revenue of \$1,243,356, decrease in paratransit revenue of \$(142,807) and a decrease in shuttle service revenue of \$(34). This net increase in operating revenues is due in part to the increase in ridership attributable to the fixed route system.

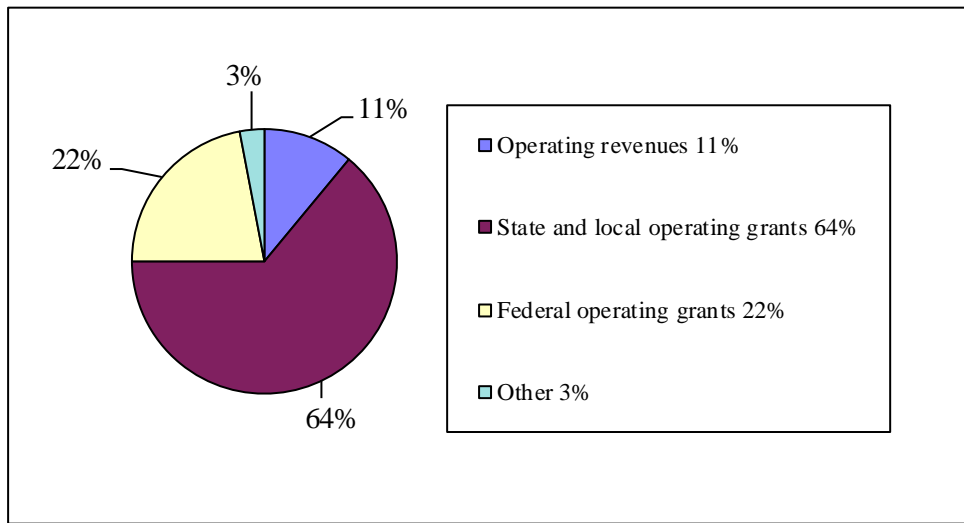

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis

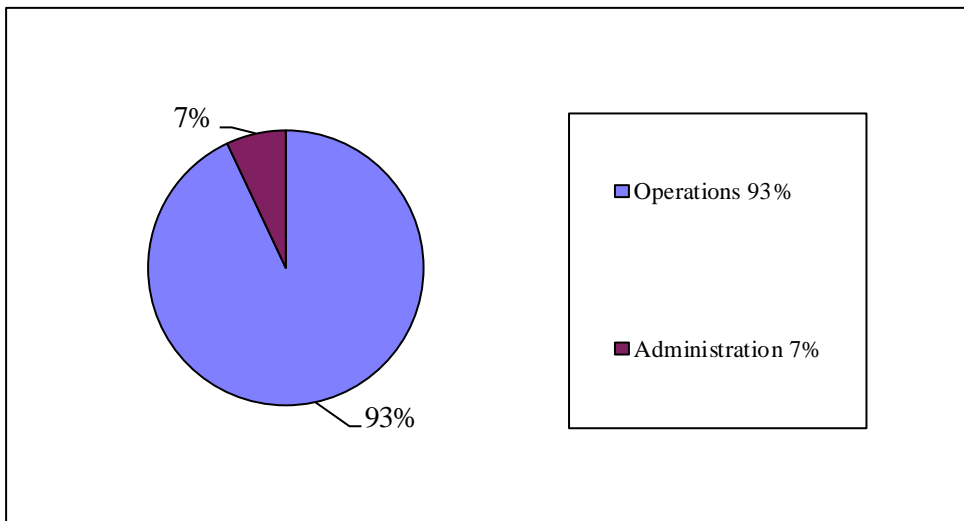

For the Year Ended June 30, 2023

Non-operating revenues (expenses) increased \$2,312,102 or 4.8% from the prior year primarily due to an increase in federal operating assistance of \$1,804,227, a decrease in State Operating assistance of \$(13,881) an increase in local assessments of \$240,897 as allowed under Massachusetts General Laws, an increase in federal and other assistance of \$225,858, an increase in advertising income of \$13,665, increase in interest income of \$239,149, increase in miscellaneous income of \$182,422, and an increase in interest expense of \$380,235.

Total Operating and Non-operating
Revenues of \$57,138,213 by Source

Total Operating and Non-operating
Expenses of \$57,725,550 by source

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis

For the Year Ended June 30, 2023

Budget vs. Actual - an analysis of significant budget variances (budget versus actual results), including reasons for the variances is as follows:

Revenues

Fare revenues

	FY2023 <u>Actual</u>	FY2023 <u>Budget</u>	Variance <u>+ (-)</u>
Fixed route income	\$ 5,760,252	\$ 4,881,500	\$ 878,752
Paratransit income	504,712	600,000	(95,288)
Shuttle service income	<u>9,822</u>	<u>18,500</u>	<u>(8,678)</u>
Total operating income	<u>\$ 6,274,786</u>	<u>\$ 5,500,000</u>	<u>\$ 774,786</u>

The increase in revenues is contributed to increased ridership levels, an increase in bulk order pass sales and the extended service hours in the Dial a Ride program.

Government and other assistance

	FY2023 <u>Actual</u>	FY2023 <u>Budget</u>	Variance <u>+ (-)</u>
Federal and other assistance	\$ 12,983,248	\$ 14,048,016	\$ (1,064,768)
State contract assistance	26,887,785	26,887,785	-
Local assistance	9,876,792	9,876,792	-

The final federal and other assistance came in under the budgeted amount by \$(1,064,768). The increase in various other revenue sources (fixed route income, advertising income, interest and other income) during the fiscal year allowed the Authority to not use as much federal operating funds.

Other revenues

	FY2023 <u>Actual</u>	FY2023 <u>Budget</u>	Variance <u>+ (-)</u>
Advertising income	\$ 245,684	\$ 230,000	\$ 15,684
Other income	611,364	311,500	299,864
Interest income	258,554	75,000	183,554

Advertising income came in over budget by \$15,684. Other income came in over budget by \$299,864 due to insurance recoveries being higher than anticipated. Interest income was over budget by \$183,554 due to higher interest rates.

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

Management's Discussion and Analysis

For the Year Ended June 30, 2023

Expenses

	FY2023 <u>Actual</u>	FY2023 <u>Budget</u>	Variance <u>+ (-)</u>
Fixed route service expense	\$ 41,216,266	\$ 40,890,529	\$ (325,737)
Paratransit service expense	8,444,120	9,175,367	731,247
Shuttle service expense	584,204	377,800	(206,404)
Administrative salaries, taxes and fringe benefits	2,648,790	2,225,651	(423,139)
Other administrative expenses	1,228,004	1,081,027	(146,977)

Fixed route costs came in over budget by \$(325,737), which was affected primarily by the Authority's adjustment to its net pension and other postemployment benefit (OPEB) liabilities for the Authority's fixed route operator. These liabilities are determined through actuarial valuations performed by Odyssey Advisors. The net pension and OPEB liabilities (net of deferred outflows and inflows of resources) increased by \$237,203. This expense included in fixed route costs is non-reimbursable at this time and is therefore not budgeted for. After removing the effect of the net pension and OPEB adjustment of \$237,203, the remaining variance of \$(88,534) over budget is associated with the increases in fuel prices.

Paratransit service expense was under budget by \$731,247 and is primarily due to ridership being lower than what was originally estimated.

Shuttle service was over budget by \$(206,404) and is due to a new line for Amherst-Worcester, which was not budgeted for but was funded by a separate contract awarded to the Authority.

Administrative salaries, taxes and fringe benefits came in over budget by \$(423,139) primarily because of the Authority's adjustment to its net pension and other postemployment benefit (OPEB) liabilities. These liabilities are determined through actuarial valuations performed by Odyssey Advisors. The net pension and OPEB liabilities (net of deferred outflows and inflows of resources) increased by \$465,570. This expense is non-reimbursable at this time and is therefore not budgeted for. After removing the effective of the net pension and OPEB adjustment of \$465,570, the expenses were under budget by \$42,431.

Debt

Revenue Anticipation Notes

At the end of fiscal year 2023, the Authority had a revenue anticipation note of \$14,500,000. This note provides operating cash flow until federal, state, and local appropriations are received. On July 14, 2023, the Authority issued a \$14,500,000 revenue anticipation note maturing on July 12, 2024. The Authority repaid the \$14,500,000 note due on July 14, 2023.

Management's Discussion and Analysis

For the Year Ended June 30, 2023

Revolving Line of Credit

The Authority has a \$3,000,000 revolving line of credit, due on demand with Berkshire Bank. The line of credit is secured by the Authority's assets. Interest is at the Prime Rate as published in the Wall Street Journal. The interest rate was 8.25% at June 30, 2023. The balance outstanding as of June 30, 2023 and 2022 was \$-0-.

Capital Assets

The Authority's investment in capital assets as of June 30, 2023 amounted to \$102,204,886, net of accumulated depreciation. The investment in capital assets includes land, buildings, vehicles, and equipment. The Authority primarily acquires its capital assets under federal and state capital grants. Additional information can be found in Note 5 on pages 14 and 15 of this report.

	Capital Assets	
	6/30/2023	6/30/2022
Land	\$ 1,965,505	\$ 1,965,505
Buildings and improvements	121,413,798	117,125,818
Revenue vehicles	122,940,251	108,923,606
Equipment	32,399,047	35,686,772
Service vehicles	1,603,034	1,306,621
Total capital assets	280,321,635	265,008,322
Accumulated depreciation	(178,116,749)	(161,456,737)
Capital assets, net	\$ 102,204,886	\$ 103,551,585

Economic Factors

Funding for the Authority's net cost of service (non-capital expenses less all non-capital revenues except state contract assistance and member municipality assessments) is dependent primarily on operating assistance from the Commonwealth of Massachusetts, assessments to member municipalities, and federal operating assistance. The balance of the funding comes from farebox revenue, insurance recoveries, interest and advertising revenue. The municipal assessments continue to be funded in arrears (currently 1.5 years back). This contributes in large part to the Authority's borrowing needs.

Contacting the Authority's Financial Management

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. If you have any questions or need additional information, contact Sandra E. Sheehan, Administrator, Pioneer Valley Transit Authority, 2808 Main Street, Springfield, MA 01107.

PIONEER VALLEY TRANSIT AUTHORITY
(A Component Unit of the Massachusetts Department of Transportation)

NOTES TO FINANCIAL STATEMENTS

June 30, 2023 and 2022

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Pioneer Valley Transit Authority (the Authority) operates under Massachusetts General Laws (MGL) Chapter 161B as a body politic and a corporate and political subdivision of the Commonwealth of Massachusetts. The Authority is a component unit of the Massachusetts Department of Transportation. Massachusetts provides funding to the Authority. Its members consist of the cities and towns of Agawam, Amherst, Belchertown, Chicopee, Easthampton, East Longmeadow, Granby, Hadley, Hampden, Holyoke, Leverett, Longmeadow, Ludlow, Northampton, Palmer, Pelham, South Hadley, Springfield, Sunderland, Ware, Westfield, West Springfield, Wilbraham and Williamsburg. It has a general responsibility to develop, finance and contract for the operation of mass transportation facilities within its territory. It is authorized to improve, modify, or extend existing facilities and enter into agreements with other parties, including government agencies, municipalities, authorities, private transportation companies, railroads, corporations, and other concerns, providing for construction, operation and use by such other party of any mass transportation facility or equipment of the Authority.

The Authority's activities are managed by an administrator who is appointed by an Advisory Board, which is made up of the chief elected officials or their appointees from the member communities. The Authority's operations are primarily funded through passenger fares, contractual reimbursements and operating subsidies from the federal and state government and member municipalities. In addition, the Authority receives capital grants from the federal and state government to finance acquisitions and improvements of facilities and equipment.

The Authority provides fixed route service to the cities and towns above, which is provided by Springfield Area Transit Company, Valley Area Transit Company and UMass Transit.

The Authority provides ADA paratransit service for people with disabilities throughout the Pioneer Valley within $\frac{3}{4}$ miles of a fixed route. This service provides a shared-ride and door-to-door van transportation for individuals with disabilities that prevent them from riding the fixed route bus service.

The Authority provides door-to-door, demand responsive accessible van service to seniors over the age of 60 throughout the Pioneer Valley.

Basis of Accounting

An enterprise fund is used to account for the Authority, which is maintained on the accrual basis of accounting.

The Authority uses proprietary fund accounting which follows all Governmental Accounting Standards Board (GASB) pronouncements. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing transit services to the general public. The principal operating revenues consist of passenger fares and contract reimbursements for demand response transit services provided to agencies of the Commonwealth of Massachusetts. Operating expenses include the cost of transit services provided by third party vendors, administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTE 1 - (Continued)

Fund Net Position

Fund net positions are classified as follows in the Authority's financial statements:

Invested in capital assets, net of related debt

The portion of net position represented by capital assets less accumulated depreciation, less outstanding debt incurred by the Authority to buy or construct them. The Authority uses these capital assets to provide transportation services; consequently, these assets are not available for future spending. Although the Authority's investment in its capital assets is reported net of related debt, the resources needed to repay this debt, if any, must be provided from other sources, since these capital assets themselves cannot be used to liquidate these liabilities.

Restricted

Amounts that can be spent only for specific purposes because of state laws, or externally imposed conditions by grantors or creditors. The Authority has a restricted reserve established for the purpose of meeting the cost of extraordinary expenses in accordance with Massachusetts General Laws, Chapter 161b, Section 6(q). At June 30, 2023 and 2022, the Authority's reserve balance was \$ 1,927,179 and \$1,862,201, respectively.

Unrestricted

All amounts not included in other classifications.

Funding and Revenue Recognition

The Authority realizes revenue from a variety of different sources including but not limited to local assessment revenue, federal and state operating and capital assistance, fare revenue, and non-fare revenue such as advertising and rental income. Revenue is recognized on the accrual basis of accounting.

Federal and state operating and capital assistance grants are recorded at the time eligible expenditures under the terms of the grants are incurred. Reimbursement under these grants is based on expenses incurred during the fiscal year and is subject to certain compliance regulations.

Budgetary Basis of Accounting

The Authority follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Administrator presents to the Advisory Board a proposed budget by April 1 each year for the fiscal year commencing the following July. The budget includes proposed expenditures and the means of financing them.
2. By June 1 each year, the budget is legally enacted by a vote of the Advisory Board.

Capital Grants

The Authority's capital assets are generally acquired with federal, state and local capital grants. These assets are owned by the Authority and included in property and equipment. Proceeds received from dispositions of these assets must be either refunded to the grantor agency or used to acquire new capital items. Capital grant revenues are reflected in the Statement of Revenues, Expenses and Changes in Fund Net Position as capital contributions.

Cash and Equivalents

For purposes of the statements of cash flows, the Authority considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Short-term Investments

The Authority has short-term investments in the Massachusetts Municipal Depository Trust (MMDT), which is an external investment pool that is overseen by the Massachusetts State Treasurer. The fund is valued at amortized cost, which approximates fair value.

NOTE 1 - (Continued)

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to bad debt expense and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The valuation allowance has not been material to the financial statements.

Property and Equipment

Property and equipment are recorded at acquisition cost and depreciation is calculated using the straight-line method over three to forty year lives.

Lease Related Assets

The Authority has recorded right-to-use leased assets as a result of implementing GASB Statement No. 87, *Leases*. The right-to-use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right-to-use assets are amortized on a straight-line basis over the life of the related lease.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through September 22, 2023, the date which the financial statements were available to be issued.

Concentration of Source of Supply of Labor

The Authority has a contract, expiring on June 30, 2025, for fixed route transportation services with the University of Massachusetts.

The Authority has a contract, expiring on September 30, 2023, for its fixed route transportation services with Springfield Area Transit Company (SATCo) and Valley Area Transit Company (VATCo), which are operated by DGR Management, Inc. The contract has been extended through September 30, 2024.

Approximately ninety-seven percent (97%) of SATCo's employees are members of the Local 448 of the Amalgamated Transit Union. SATCo's labor agreement with the Union is effective through June 30, 2024. Approximately eighty-five percent (85%) of VATCo's employees are members of the Local 1459 United Food and Commercial Workers International Union. VATCo's labor agreement with the Union is effective through December 31, 2025.

Comparative Information

Certain prior year amounts may have been reclassified to conform to the current year presentation.

NOTE 2 - DEPOSITS AND SHORT-TERM INVESTMENTS

State and local statutes place certain limitations on the nature of deposits and investments available to the Authority. Deposits, including demand deposits, money markets and certificates of deposit in any one financial institution, may not exceed certain levels unless collateralized by the financial institution involved.

NOTE 2 - (Continued)

Investments may be made in unconditionally guaranteed U.S. Government obligations having maturities of a year or less from the date of purchase, or through repurchase agreements with maturities of no greater than 90 days in which the underlying securities consist of such obligations. Other allowable investments include authorized bonds of all states, banker's acceptances, commercial paper rated within the three highest classifications established by rating agencies, and units in the Massachusetts Municipal Depository Trust (MMDT).

Deposit Custodial Credit Risk

Custodial credit risk is the risk that in the event of bank failure, the Authority's deposits may not be returned. The Authority carries deposits with Berkshire Bank that are insured by FDIC insurance or collateralized. Bank deposits as of June 30, 2023, were \$1,582,505, all of which were insured and collateralized.

Investment Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party.

The Authority has \$3,594,265 invested in Massachusetts Municipal Depository Trust (MMDT) cash portfolio as of June 30, 2023. MMDT is a local government investment pool, established under Massachusetts General Laws, Chapter 29, Section 38A. The Authority reports its investment in MMDT at amortized cost which approximates the net asset value of \$1.00 per share. An investment in the MMDT cash portfolio is not a deposit of a bank and is neither insured nor guaranteed by the Commonwealth of Massachusetts or the U.S. government, the Federal Deposit Insurance Corporation (FDIC) or any other government agency. MMDT has no redemption restrictions.

NOTE 3 - RECEIVABLES CONSISTED OF THE FOLLOWING AT JUNE 30:

	<u>2023</u>	<u>2022</u>
Current receivables		
Federal		
Operating assistance	\$ 1,314,544	\$ -
Capital assistance	<u>3,553,096</u>	<u>3,243,030</u>
Total - Federal	<u>4,867,640</u>	<u>3,243,030</u>
Massachusetts		
Operating assistance	61,958	255,852
Capital assistance	<u>989,345</u>	<u>2,985,411</u>
Total - Massachusetts	<u>1,051,303</u>	<u>3,241,263</u>
Member communities		
Operating assistance for current year expenditures	9,876,792	9,635,895
Operating assistance for prior year expenditures	<u>4,334,638</u>	<u>4,080,494</u>
Total - member communities	<u>14,211,430</u>	<u>13,716,389</u>
Trade receivables		
Accounts receivable	<u>344,717</u>	<u>310,718</u>
Total receivables	<u>\$ 20,475,090</u>	<u>\$ 20,511,400</u>

Based on management's assessment of the outstanding receivable balances at year end, they have concluded that an allowance for uncollectible accounts was not considered necessary.

NOTE 3 - (Continued)

The Federal government, under 49 USC may provide 50% to 100% of the cost of operations, including capital equipment and maintenance costs. Massachusetts general laws require the operating assistance assessed upon local cities and towns be at least 25% of net cost of service, including new services. The local assessment can be increased by a maximum of 2.5% of the previous year's local assessment plus 25% of the cost of new service.

The Authority has a contract with the Commonwealth of Massachusetts under which Massachusetts agrees to provide operating assistance for a portion of the operating deficit remaining after any federal grants and the local assistance have been applied.

NOTE 4 - PREPAID EXPENSES CONSISTED OF THE FOLLOWING AT JUNE 30:

	<u>2023</u>	<u>2022</u>
Insurance	\$ 40,253	\$ 6,165

NOTE 6 - INVESTMENT IN HOLYOKE INTERMODAL FACILITY, LLC

On February 7, 2007 the Authority entered into a Joint Development Agreement with the City of Holyoke and Holyoke Intermodal Facility, LLC, (a limited liability company created by the real estate arm of Peter Pan Bus Lines, Inc.) for the purpose of undertaking the design and construction of the renovations to a building located at 206 Maple Street, Holyoke, Massachusetts, known as the Holyoke Multimodal Transportation Center. Holyoke Intermodal Facility, LLC is the owner of the building. The Authority has a one percent (1%) interest in the Holyoke Intermodal Facility, LLC which is accounted for under the equity method. The Authority receives, on an annual basis, ten percent of the "net operating income" of the LLC as defined in the Joint Development Agreement.

The City of Holyoke had conveyed certain property to Holyoke Intermodal Facility, LLC which included a permanent restriction on approximately 3,000 square feet of space on the ground level to be used for transit purposes only. In consideration of the extent of public funding provided to the project through the Authority, the 3,000 square feet of the ground floor was restricted for transit use and is leased back to the Authority free of charge in perpetuity. The project was completed in fiscal year 2011 at which time the Authority started leasing back a portion of the facility. In the event that the LLC should sell the property, and depending on the timing of the sale, a portion of the sales proceeds will go to the Authority as described in the Joint Development Agreement. The details of the lease agreement with the LLC are described in Note 10 of these financial statements.

NOTE 6 - (Continued)

During the years ended June 30, the following was recorded:

	<u>2023</u>	<u>2022</u>
Investment in Holyoke Intermodal Facility, LLC, beginning	\$ 3,946,359	\$ 3,946,020
Gain (loss) from Holyoke Intermodal Facility, LLC	347	339
Distributions from Holyoke Intermodal Facility, LLC	<u>(18,719)</u>	<u>-</u>
Investment in Holyoke Intermodal Facility, LLC, ending	<u>\$ 3,927,987</u>	<u>\$ 3,946,359</u>

NOTE 7 - ACCOUNTS PAYABLE CONSISTED OF THE FOLLOWING AT JUNE 30:

	<u>2023</u>	<u>2022</u>
Accounts payable		
Capital projects	\$ 3,478,076	\$ 3,281,351
General operations	2,785,126	2,489,990
Fixed route operator	<u>1,694,429</u>	<u>2,737,283</u>
Total	<u>\$ 7,957,631</u>	<u>\$ 8,508,624</u>

The Springfield Area Transit Company, Valley Area Transit Company and UMass Transit are the fixed route operators for the Authority. The assets and liabilities held by the fixed route operators are owned by the Authority and consist mainly of inventory, prepaid expenses, accounts payable and accrued wages and benefits. The value of these assets less liabilities held by the fixed route operators as of June 30, 2023 and 2022 was \$1,694,429 and \$2,737,283, respectively, and are reported as fixed route operator accounts payable in the Authority's financials statements.

NOTE 8 - NOTE PAYABLE CONSISTED OF THE FOLLOWING AT JUNE 30:

Revenue anticipation notes consisted of the following for the year ended June 30:

	<u>2023</u>	<u>2022</u>
4.00% Revenue anticipation note, due July 14, 2023	\$ 14,500,000	\$ -
1.50% Revenue anticipation note, due July 15, 2022	<u>-</u>	<u>14,500,000</u>
Total	<u>\$ 14,500,000</u>	<u>\$ 14,500,000</u>

Revolving Line of Credit

The Authority has a \$3,000,000 revolving line of credit, due on demand with Berkshire Bank. The line of credit is secured by the Authority's assets. Interest is at the Prime Rate as published in the Wall Street Journal. The interest rate was 8.25% at June 30, 2023. The balance outstanding as of June 30, 2023 and 2022 was \$-0-.

NOTE 8 - (Continued)

On July 14, 2023, the Authority issued a \$15,500,000 operating assistance anticipation note maturing on July 12, 2024 at a rate of 4.75%. The Authority repaid the \$14,500,000 note due July 14, 2023.

The Commonwealth is required pursuant to Section 10 of Chapter 161B of the Massachusetts General Laws to pay to the Authority amounts duly certified by the Administrator as necessary to pay the principal and interest on these notes if sufficient funds are not otherwise available; the obligation of the Commonwealth to pay such amounts to the Authority is a general obligation of the Commonwealth, and the full faith and credit of the Commonwealth is pledged to make such payments.

NOTE 10 - LEASES

The Authority, as lessee, has entered into various leases for facility space with lease terms expiring in 2042.

The Authority adopted GASB Statement No. 87, *Leases*, in fiscal year 2022. In accordance with the adopted standard, the Authority, as a lessee, is required to recognize intangible right-of-use assets and corresponding lease liabilities, for all leases that meet with definition of a lease under GASB 87, and that are not considered short-term.

In accordance with GASB 87, a lease is a contract that conveys control of the right to use another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange-like transaction.

The Authority determines whether a contract conveys control of the right to use the underlying asset by assessing both of the following:

- The right to obtain the present service capacity from use of the underlying asset as specified in the contract, and
- The right to determine the nature and manner of use of the underlying asset as specified in the contract.

Lease related asset and liability consists of the following:

Springfield Union Station Lease

In July 2017, the Authority entered into a 25-year agreement to lease space at the Springfield Union Station Intermodal Facility at 55 Frank B. Murray Street, Springfield, MA. The Authority has the right to renew the lease for seven consecutive ten-year terms. The leased premises consist of station building space (18 bus berths, 2,300 square feet of office space, and 1,800 square feet of waiting area space) and 10 parking spaces. There are no residual value guarantees included in the lease agreement. The initial lease related asset and liability was recorded in the amount of \$6,950,464. The lease has an interest rate of 4.00%.

The Authority shall pay rent as follows:

Parking space

Base fee of \$7,800 per annum, increasing 1.5% each year (\$8,403 in 2023 and \$8,279 in 2022).

Station building space (bus berths, office and waiting area)

Pro-rata share of operation and maintenance expenses of the bus berths, office space, and waiting area space. Every year during the lease, the Authority shall pay, as rent, their pro-rata allocation of shared services for the operation and maintenance of the station building, based on the Authority's total rentable square feet and occupied bus berths. The rent shall be paid monthly in the amounts reasonably estimated by the lessor, with an adjustment made after the close of the lease year to account for the actual operating and maintenance costs. The approximate annual rent for the station building space is \$405,000. The Authority pays approximately \$33,800 per month during the year with a true-up adjustment paid by (or credited to) the Authority in October. Historically, the final true-up payment due (or credit received) has been immaterial, and accordingly, is not included in the measurement of the lease liability but is expensed (or credited) in the year paid or received.

The pro-rata share of operating and maintenance costs are dependent upon the operating costs of the lessor each year, which are unknown at this time. However, the Authority has reasonably estimated the future annual rent based on presently known information and historical rent paid. As such, the Authority's estimate of future rent is included in the right-to-use lease asset and corresponding lease liability reported on the Statement of Net Position.

NOTE 10 - (Continued)

The lease related asset for the Springfield Union Station consists of the following:

	<u>2023</u>		
	<u>Beginning Balance</u>	<u>Increases</u>	<u>Ending Balance</u>
Right-to-use leased asset			
Leased facility space - Springfield Union Station	\$ 6,950,464	\$ -	\$ 6,950,464
Less accumulated amortization	<u>(1,394,740)</u>	<u>(278,949)</u>	<u>(1,673,689)</u>
Right-to-use leased asset, net	<u>\$ 5,555,724</u>	<u>\$ (278,949)</u>	<u>\$ 5,276,775</u>

The lease related obligation for the Springfield Union Station consists of the following:

	<u>2023</u>	<u>2022</u>
Lease liability - Springfield Union Station	<u>\$ 5,439,297</u>	<u>\$ 5,631,111</u>

Minimum future lease payments for the Springfield Union Station, through 2042 is as follows:

<u>Fiscal Years Ending June 30,</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total Payments</u>
2024	\$ 199,752	\$ 213,936	\$ 413,688
2025	208,024	205,796	413,820
2026	216,634	197,318	413,952

2039 - 2042	<u>1,505,993</u>	<u>123,583</u>	<u>1,629,576</u>
Total	<u>\$ 5,439,297</u>	<u>\$ 2,334,186</u>	<u>\$ 7,773,483</u>

Other Operating Lease*Holyoke Multimodal Transportation Center Lease*

The Authority is leasing approximately 3,000 square feet with the right to use common areas of the Holyoke Multimodal Transportation Center building, including all driveways, parking areas and roadways serving the property. The lease commenced in September 2010 and expires on the last date of the fiftieth (50th) year following the commencement date. The Authority has the option to extend the lease for separate and successive extension periods of fifty (50) lease years each. The Authority has no obligation to pay rent, it being agreed that the public funding provided for the project was in lieu of any rent owed. Notwithstanding, the Authority does have the obligation to pay for separately metered utilities and its share of common area maintenance (CAM) charges. CAM charges for the years ended June 30, 2023 and 2022 were \$22,908 and \$22,084, respectively. The Authority has a one-percent (1%) ownership interest in Holyoke Intermodal Facility, LLC which is disclosed in Note 6 of these financial statements.

NOTE 11 - PVTA PENSION PLAN

Plan Provisions

The Authority provides retirement benefits to employees through the Pioneer Valley Transit Authority Pension Plan (the Plan), a single-employer pension plan. This is a defined benefit pension plan that covers all employees that work at least 1,000 hours in a twelve-month consecutive period, and agree to make employee contributions. The Plan issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. The Plan's report can be obtained by writing to Pioneer Valley Transit Authority, 2808 Main Street, Springfield, Massachusetts 01107 or by calling (413) 732-6248.

Results of the Plan for fiscal year ended June 30, 2023 are based on liabilities developed in an actuarial valuation performed as of June 30, 2022 with a measurement date of June 30, 2022.

Results of the Plan for fiscal year ended June 30, 2022 are based on liabilities developed in an actuarial valuation performed as of June 30, 2021 with a measurement date of June 30, 2021.

Accounting Policy

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Pioneer Valley Transit Authority Pension Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Membership

The following employees were covered by the benefit terms for the plan year ending June 30:

	2022	2021
Active employees	17	17
Inactive employees entitled to but not yet receiving benefits	29	28
Inactive employees or beneficiaries currently receiving benefits	27	26
Total	<u>73</u>	<u>71</u>

Benefits Provided

The Plan provides retirement, death and disability benefits and provides for retirement benefits of 2.50% of a member's average compensation times the number of years of service to a maximum of 32 years. Before July 1, 1999, the benefit was 2.25% of average compensation times years of service to a maximum of 35 years. The normal retirement date is the first day of the month following a participant's 65th birthday. The normal form of payment is a monthly annuity payable for life, with 120 monthly payments guaranteed. Other options are available. Early retirement is available for any member who has attained age 55 and completed 10 years of service. The amount payable to an early retiree is the member's accrued benefit at the time of early retirement, reduced by 3% per year for each of the first five years before age 65 plus 7% for each additional year. If a participant works past age 65, the benefit payable on the deferred retirement date will be the greater of (i) the actuarial equivalent of the age 65 accrued benefit or (ii) the benefit calculated using credited service as of the participant's deferred retirement date. Members of the Plan become fully vested after seven years of service. A member becomes 100% vested in their accrued retirement pension upon their 65th birthday.

Contributions

Each year, the Authority and its employees make contributions to the Plan. While there is no statutory or regulatory requirement to contribute the actuarially determined contribution, it is the intent of the Authority to contribute the amount necessary to finance the costs of benefits earned by employees each year as well as a 15-year level dollar amortization of existing net pension liability as of the valuation date.

NOTE 11 - (Continued)

Actuarial Assumptions

The total pension liability in the June 30, 2022 and 2021 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	3% and for future periods
Salary increases:	4% annually and for future periods
Investment rate of return:	6.88%, net of pension plan investment expense, including inflation.
Pre- and post-retirement mortality:	Mortality rates were based upon the 2022 IRS Mortality Tables for small plans
Employee termination:	None assumed
Retirement age:	Age 65 or normal retirement date, if later
Pre-retirement death benefit:	Calculated using aforementioned mortality, interest and termination assumptions and on the assumption that 100% of plan members have spouses
Expenses:	Investment return is assumed to be net of plan expenses paid from the trust fund

The long term rate of return on pension plan investments for the 2022 and 2021 actuarial valuations were determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic equity	65.00%	4.50%
Fixed income	30.00%	3.00%
Cash	5.00%	1.00%
Total	100.00%	

Discount rate

The discount rate used to measure the total pension liability was 6.88% for the 2022 and 2021 actuarial valuations. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the current rate and that contributions will be made at rates at least equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 11 - (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 6.88%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.88%) or 1 percentage point higher (7.88%) than the current rate:

	1% Decrease (5.88%)	Current Discount (6.88%)	1% Increase (7.88%)
Plan net pension liability as of June 30, 2023			
for plan year ending June 30, 2022	\$ 3,700,601	\$ 2,639,836	\$ 1,744,407
Plan net pension liability as of June 30, 2022			
for plan year ending June 30, 2021	\$ 2,207,359	\$ 1,190,846	\$ 337,942

Pension Expense and Deferred Inflows and Outflows of Resources

For the year ended June 30, 2023, the Transit Authority recognized pension expense of \$830,032, which includes the change in deferred outflows and inflows of resources (pension expense was \$271,079 for the year ended June 30, 2022). The Transit Authority reported deferred outflows and deferred inflows of resources related to pensions from the following sources at June 30:

	2023		2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 274,533	\$ (48,707)	\$ 459,189	\$ (205,314)
Changes in assumptions	-	-	-	-
Net difference between projected and actual earnings on pension plan investments	1,017,260	(670,032)	113,673	(1,000,711)
Contributions subsequent to the measurement date	-	-	115,992	-
Total	\$ 1,291,793	\$ (718,739)	\$ 688,854	\$ (1,206,025)
Net deferred outflows (inflows) of resources	<u>\$ 573,054</u>		<u>\$ (517,171)</u>	

Amounts reported as of June 30 for deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	2023	2022
2023	\$ -	\$ (88,902)
2024	23,688	(244,771)
2025	105,409	(156,717)
2026	55,032	(180,338)
2027	255,745	20,377

Thereafter	112,803	-
Total deferred outflows (inflows) of resources	\$ 573,054	\$ (517,171)

Payable to Pension Plan

At June 30, 2023, the Authority reported a payable of \$-0- for outstanding contributions to the Plan (\$-0- for the year ended June 30, 2022).

NOTE 12 - SATCO TRANSIT EMPLOYEE RETIREMENT PLAN (TERP)

Transit Employee Retirement Plan (TERP)

The liability for the TERP pension plan of the Authority's major transportation provider, Springfield Area Transportation Company, Inc. (SATCo) is included in the Authority's financial statements under transportation expenses and accrued expenses. The Authority is responsible for funding these expenses.

The TERP plan, which is subject to the provisions of the Employment Retirement Income Security Act (ERISA), covers only members of the Amalgamated Transit Union Local No. 448 AFL-CIO (the Union) who were plan participants as of June 30, 2008. The TERP plan, as of June 30, 2008, was frozen and employee contributions were discontinued upon adoption of the SATCo Employees Retirement Plan (SERP) (see Note 13). Prior to June 30, 2008, employees could become members of the plan on their forty-fifth day of employment.

The TERP plan provides retirement benefits in the form of an annuities payable monthly for life, commencing on the date of retirement and terminating the month prior to death. The benefit is \$50.00 multiplied by the years of credited service through June 30, 2008 when the plan was frozen. Pension provisions also include death and disability benefits, whereby the disabled employee or surviving spouse is entitled to receive a reduced annual benefit. Members of the TERP plan became vested after five years of service. Retirement is available if a participant has reached the age of 55 with 10 years of service. Normal retirement is attained at age 65.

For the years ended June 30, 2023 and 2022, SATCo's pension expense for the TERP plan was \$498,725 and \$634,072, respectively. The funding surplus as of July 1, 2022 was \$6,192,158. The funding surplus as of July 1, 2021 was \$4,938,665.

The TERP Plan issues a publicly available financial report that includes financial statements and required supplementary information for the plan. The TERP Plan's report can be obtained by writing to Pioneer Valley Transit Authority, 2808 Main Street, Springfield, Massachusetts 01107 or by calling (413) 732-6248.

At June 30, 2023, SATCo reported a payable of \$357,974 for outstanding contributions to the Plan (\$634,072 for the year ended June 30, 2022).

NOTE 13 - SATCO EMPLOYEE RETIREMENT PLAN (SERP)

Plan

The liability for the SERP pension plan of the Authority's major transportation provider, Springfield Area Transportation Company, Inc. (SATCo) is included in the Authority's financial statements under transportation expenses and accrued expenses. The Authority is responsible for funding these expenses.

The SERP plan was adopted on July 1, 2008. This plan is a governmental plan within the means of Section 414(d) of the Internal Revenue Code and Sections 3(32) and 4021(b)(d) of ERISA and is exempt from funding rules under Title I of ERISA. Pioneer Valley Transit Authority is the Plan Sponsor for the SERP plan. The SERP plan is available to all employees of SATCo who were members of the Transit Employee Retirement Plan (TERP) or have completed 45 days of employment and agree to join the plan via the required member application.

The SERP Plan issues a publicly available financial report that includes financial statements and required supplementary information for the plan. The SERP Plan's report can be obtained by writing to Pioneer Valley Transit Authority, 2808 Main Street, Springfield, Massachusetts 01107 or by calling (413) 732-6248.

Results of the SERP Plan for fiscal year ended June 30, 2023 are based on liabilities developed in an actuarial valuation performed as of June 30, 2022 with a measurement date of June 30, 2022.

Results of the SERP Plan for fiscal year ended June 30, 2022 are based on liabilities developed in an actuarial valuation performed as of June 30, 2021 with a measurement date of June 30, 2021.

NOTE 13 - (Continued)

Salary Reduction Agreement

As the Transit Employee Retirement Plan (TERP) had been frozen, and it was determined that employee contributions could not be made directly to a frozen plan, a general funding plan was adopted to fund both the TERP and the SERP. In order to provide for approximately the same total contribution amount to both plans and to maintain funding amount flexibility as needed between the two plans, it was agreed that a unified wage reduction plan be established. Under the agreement, SATCo uses the entire proceeds of the salary reduction program to fund the pension plans. Additionally, SATCo makes contributions into the plans based upon actuarially determined amounts.

Accounting Policy

For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Membership

The following employees were covered by the benefit terms for the plan year ending June 30:

	<u>2022</u>	<u>2021</u>
Active employees	236	242
Inactive employees entitled to but not yet receiving benefits	23	10
Inactive employees or beneficiaries currently receiving benefits	<u>94</u>	<u>85</u>
Total	<u><u>353</u></u>	<u><u>337</u></u>

Benefits Provided

The SERP Plan provides retirement, death and disability benefits. The normal retirement date is the first day of the month following a participant's 65th birthday. The normal retirement benefit is a monthly benefit of \$42.57 multiplied by years of credited service. Credited service is elapsed time from date of hire to termination of service date. Credited service for benefit purposes only considers service on or after July 1, 2008. The normal form of payment is a monthly annuity payable for life. Vesting is 0% for fewer than 5 years of service and is 100% for 5 or more years of service.

Early retirement is available for any participant who has attained age 55 and completed 10 years of service, 85 "points" or 30 years of service regardless of age. Unreduced early retirement is available to anyone with 85 points or 30 years of service at retirement. Otherwise, the amount payable to an early retiree is the participant's accrued benefit at the time of early retirement, reduced by 4% per year for each of the first five years before age 65 plus 5% for each additional year. If a participant works past age 65, the benefit payable on the deferred retirement date will be the greater of (i) the actuarial equivalent of the age 65 accrued benefit or (ii) the benefit calculated using credited service as of the participants deferred retirement date.

In the event of death of a participant prior to their retirement, the surviving spouse will receive the amount that would have been paid had the participant retired early and elected the 100% joint and survivor benefit. In the event a participant incurs, prior to their normal retirement date, a disability as defined in the plan agreement, they shall be entitled to a fully vested interest in their accrued pension as of the date of disability.

Contributions

Each year SATCo and its employees make contributions to the Plan. While there is no statutory or regulatory requirement to contribute the actuarially determined contribution, it is the intent of SATCo to contribute the amount necessary to meet benefit obligations when due. The Company's average contribution rate was 2.03% for plan year ending June 30, 2022 (3.77% for plan year ending June 30, 2021) of annual payroll.

NOTE 13 - (Continued)

Actuarial Assumptions

The total pension liability in the June 30, 2022 and 2021 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	2.50% and for future periods
Salary increases:	N/A
Investment rate of return:	6.27%, net of pension plan investment expense, including inflation
Cost of living adjustment:	None
Pre- and post-retirement mortality:	Mortality rates were based upon the 2022 IRS Mortality Tables for small plans
Retirement age:	Age 65 or normal retirement date, if later
Pre-retirement death benefit	Calculated using aforementioned mortality, interest and termination assumptions and on the assumption that 100% of plan members have spouses
Expenses:	Investment return is assumed to be net of plan expenses paid from the trust fund

The long term rate of return on pension plan investments for the 2022 and 2021 actuarial valuations were determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Domestic equity	59.00%	4.50%
Fixed income	35.00%	3.00%
Cash	6.00%	1.00%
Total	<u>100.00%</u>	

Discount rate

The discount rate used to measure the total pension liability was 6.27% for the 2022 and 2021 actuarial valuations. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the current rate and that contributions will be made at rates at least equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 13 - (Continued)

NOTE 13 - (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 6.27%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (5.27%) or 1 percentage point higher (7.27%) than the current rate:

	1% Decrease (5.27%)	Current Discount (6.27%)	1% Increase (7.27%)
Plan net pension liability (asset) as of June 30, 2023 for plan year ending June 30, 2022	\$ 3,601,509	\$ 1,878,393	\$ 437,307
Plan net pension liability (asset) as of June 30, 2022 for plan year ending June 30, 2021	\$ 1,202,778	\$ (428,218)	\$ (1,792,249)

Pension Expense and Deferred Inflows and Outflows of Resources

For the year ended June 30, 2023, the Transit Authority recognized pension expense of \$2,551,624, which includes the change in deferred inflows and outflows of resources (pension recovery was \$(443,420) for the year ended June 30, 2022). The Transit Authority reported deferred outflows and deferred inflows of resources related to pensions from the following sources at June 30:

	2023		2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,122,822	\$ (44,668)	\$ 1,459,266	\$ (11,628)

Net difference between projected and actual earnings on pension plan investments	1,729,573	(1,086,080)	-	(1,514,295)
Contributions subsequent to the measurement date	-	-	118,150	-
Total	\$ 2,894,937	\$ (1,144,235)	\$ 1,577,416	\$ (1,543,077)
 Net deferred outflows (inflows) of resources	 <u>\$ 1,750,702</u>		 <u>\$ 34,339</u>	

Amounts reported as of June 30 for deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	2023	2022
2023	\$ -	\$ (58,769)
2024	356,784	(57,144)
2025	418,151	4,223
2026	307,724	(106,202)
2027	614,793	252,231
2028	53,250	-
Total deferred outflows (inflows) of resources	\$ 1,750,702	\$ 34,339

Payable to Pension Plan

At June 30, 2023, SATCo reported a payable of \$558,600 for the outstanding amount of contributions to the plan (\$839,300 for the year ended June 30, 2022).

NOTE 14 - SATCO TRANSIT MANAGEMENT PENSION PLAN (TMP)

Transit Management Pension Plan (TMP)

The TMP plan is subject to the provisions of ERISA and covers SATCo's nonunion employees who are not covered under the SERP and TERP plans. Eligible participants must work at least 1,000 hours in a twelve-month consecutive period and contribute 4% of their annual compensation into the plan.

The TMP plan provides for benefits in the form of an annuity payable for life, with 120 minimum monthly payments guaranteed. The benefit is 2.25% of the average compensation, calculated using the average of the participants' five highest paid consecutive years of service prior to retirement, termination or disability, multiplied by the number of years of service up to 35 years. Pension provisions also include death and disability benefits whereby the disabled employee or surviving spouse is entitled to receive a reduced annual benefit.

Members of the TMP plan become fully vested after seven years of service. Retirement is available for participants who have reached the age of 55 with 10 years of service. Normal retirement is attained at age 65.

At June 30, 2023, there were 31 plan participants; 16 active members, 10 retirees and beneficiaries, and 5 terminated vested members.

For the years ended June 30, 2022 and 2021, SATCo's pension expense for the TMP plan was \$203,636 and \$141,047, respectively, and the funding surplus was \$225,830 and \$708,200, respectively.

The TMP plan issues a publicly available financial report that includes financial statements and required supplementary information for the plan. This report can be obtained by writing to Pioneer Valley Transit Authority, 2808 Main Street, Springfield, Massachusetts 01107 or by calling (413) 732-6248.

Annual Pension Cost and Net Pension Asset – Transit Management Pension Plan

SATCo's annual pension cost and net pension obligation for the TMP plan for the years ended June 30, were as follows:

	2023	2022
Annual required contribution	\$ -	\$ -
Contributions made	<u>(203,636)</u>	<u>(141,047)</u>
Increase (decrease) in net pension obligation	(203,636)	(141,047)
Other adjustments and assumption changes	686,006	(368,004)
Net pension liability (asset) at beginning of year	<u>(708,200)</u>	<u>(199,149)</u>
Net pension liability (asset) at end of year	<u>\$ (225,830)</u>	<u>\$ (708,200)</u>

	2023	2022
Actuarial value of assets	\$ 4,482,479	\$ 4,917,480
Actuarial accrued liability	<u>4,256,649</u>	<u>4,209,280</u>
Funding surplus (shortfall)	<u>\$ 225,830</u>	<u>\$ 708,200</u>

NOTE 14 - (Continued)

Funding Policy and Actuarial Assumptions

The Plan requires members to contribute 4% of their payroll, and requires the Authority to contribute an amount equal to approximately 10% of the total member payroll. The actuarial method and assumptions for the plan are as follows:

Valuation date:	July 1, 2022
Actuarial cost method:	Traditional unit credit cost method
Amortization method:	Level dollar
Asset valuation method:	Market value
Investment rate of return:	5.57% (5.10% at July 1, 2021)

Payable to Pension Plan

At June 30, 2023, SATCo reported a payable of \$-0- for the outstanding amount of contributions to the pension plan (\$-0- for the year ended June 30, 2022).

Additional pension disclosures required by generally accepted accounting principles were not available for presentation for the TMP plan, but management of the Authority feels this information would not have a material effect on the financial statements.

NOTE 15 - PVTA OTHER POSTEMPLOYMENT BENEFITS

Plan Description and Benefits Provided

The Pioneer Valley Transit Authority Retiree Welfare Plan (the Plan) is a single-employer defined benefit plan which provides for medical and dental insurance benefits to eligible retirees and their spouses. Employees hired before April 2, 2012 become eligible to retire under this plan upon attainment of age 55 as an active member and completion of 10 years of service (age 60 with 10 years of service for those hired on or after April 2, 2012). The plan is a cost-sharing plan with employees paying 20% of medical and dental premiums in retirement.

The Authority does not issue separate financial statements on this plan.

Accounting Policy

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Plan Membership

The following employees were covered by the benefit terms for the plan year ending June 30:

	2023	2022
Active employees	23	25
Inactive employees or beneficiaries currently receiving benefits	10	17
Total	<u>33</u>	<u>42</u>

NOTE 15 - (Continued)

Contributions

In fiscal year 2018, the Authority established a Qualified OPEB Trust (the Trust) with the intention that it qualifies as a tax-exempt trust performing an essential governmental function within the meaning of Section 115 of the Internal Revenue Code and Regulations issued thereunder and as a trust for OPEB in accordance with MGL Chapter 32B, Section 20.

The Trust was created for the sole purpose of providing funding for OPEB, as determined by the Authority, or as may be required by collective bargaining agreement, or by any general or special law providing for such benefits, for the exclusive benefit of the retired employees and their eligible dependents and for defraying the reasonable administrative, legal, actuarial and other expenses of the Trust. The assets held in the Trust shall not be used for or diverted to any other purpose, except as described in the Trust. The Trust is irrevocable and no trust funds shall revert to the Authority until all benefits owed to the retired employees have been satisfied or released. In addition, the assets are legally protected from creditors of the Authority and the Plan administrator.

The Authority shall have no obligation to make contributions to the Trust to fund OPEB, and the size of the Trust may not be sufficient at any one time to meet the OPEB liabilities. The fair market value of the Trust assets as of June 30, 2023 is \$632 (\$560 at June 30, 2022).

Actuarial Methods and Assumptions

Results of the Plan for the fiscal year ended on June 30, 2023 are based on liabilities developed in an actuarial valuation performed as of July 1, 2021 with a measurement date of June 30, 2023.

Results of the Plan for the fiscal year ended on June 30, 2022 are based on liabilities developed in an actuarial valuation performed as of July 1, 2020 with a measurement date of June 30, 2022.

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method:	Individual entry age normal
Inflation:	2.50% and for future periods
Salary increases:	3% annually and for future periods
Discount rate:	4.13% per annum for 2023 (4.09% for 2022)
Municipal bond rate:	4.13% as of June 30, 2023 (4.09% as of June 30, 2022). Source is the S&P Municipal Bond 20-Year High Grade Index
Participation rate:	Assumed that 80% of employees eligible to receive retirement benefits would enroll in the Plan
Pre- and post-retirement mortality:	Mortality rates were based upon the RP-2014 Mortality Table for Blue Collar Employees projected generationally with scale MP-2016 for males and females, set forward 1 year for females
Healthcare trend rate:	Assumed 4.50% for 2023 and 2022 increase in healthcare costs

NOTE 15 - (Continued)**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates**

The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using a discount and healthcare cost trend rate that is 1 percentage point lower or 1 percentage point higher than the current rates:

	Discount Rate		
	1% Decrease (3.13%)	Current (4.13%)	1% Increase (5.13%)
Net OPEB liability as of June 30, 2023	\$ 6,043,031	\$ 5,047,985	\$ 4,270,159
	1% Decrease (3.09%)	Current (4.09%)	1% Increase (5.09%)
Net OPEB liability as of June 30, 2022	\$ 6,857,240	\$ 5,761,577	\$ 4,905,633
	Healthcare Cost Trend Rate		
	1% Decrease (3.50%)	Current (4.50%)	1% Increase (5.50%)
Net OPEB liability as of June 30, 2023	\$ 4,183,916	\$ 5,047,985	\$ 6,183,170
	1% Decrease (3.50%)	Current (4.50%)	1% Increase (5.50%)
Net OPEB liability as of June 30, 2022	\$ 4,815,621	\$ 5,761,577	\$ 7,008,849

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2023, the Authority recognized OPEB expense (recovery) of \$(30,788), which includes the change in deferred outflows and inflows of resources (OPEB expense was \$246,267 for the year ended June 30, 2022). At June 30, the Authority reported deferred outflows and inflows of resources related to OPEB from the following sources:

	2023		2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (1,294,578)	\$ -	\$ (345,256)
Changes in assumptions	1,049,332	(1,446,071)	1,097,943	(1,761,225)
Net difference between projected and actual earnings on OPEB plan investments	-	(47)	-	(22)
Total	<u>\$ 1,049,332</u>	<u>\$ (2,740,696)</u>	<u>\$ 1,097,943</u>	<u>\$ (2,106,503)</u>
Net deferred outflows (inflows) of resources		<u>\$ (1,691,364)</u>		<u>\$ (1,008,560)</u>

NOTE 15 - (Continued)

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	2023	2022
2023	\$ -	\$ (177,393)
2024	(314,330)	(135,494)
2025	(314,331)	(135,495)
2026	(314,307)	(135,471)
2027	(314,328)	(135,488)
2028	(434,068)	(289,219)
Total deferred outflows (inflows) of resources	<u>\$ (1,691,364)</u>	<u>\$ (1,008,560)</u>

Payable to the OPEB Plan

At June 30, 2023, the Authority reported a payable of \$-0- for outstanding contributions to the Plan (\$-0- for the year ended June 30, 2022).

NOTE 16 - SATCO OTHER POSTEMPLOYMENT BENEFITS

The liability for other postemployment benefits of the Authority's major transportation provider, Springfield Area Transit Company, Inc. (SATCo) is included in the Authority's financial statements under transportation expense and long-term accrued expenses. The Authority is responsible for funding these expenses.

Plan Description and Benefits Provided

The Springfield Area Transportation Company Other Postemployment Benefits Plan (the Plan) is a single-employer defined benefit plan which provides for medical, dental and life insurance benefits to eligible retirees and their spouses. An employee becomes eligible to retire under this plan upon attainment of age 55 with 10 years of service or with 20 years of service regardless of age. For employees hired prior to July 1, 1990, an employee shall become eligible to retire under this plan upon the attainment of age 55 as an active member and completion of 10 years of service. Retirees will pay 25% of premiums for non-Medicare integrated plans and 0% for Medicare integrated plans. Retirees pay 100% of premiums for dental insurance. The employer will pay 100% of life insurance premiums.

Springfield Area Transportation Company, Inc. does not issue separate financial statements on this plan.

Accounting Policy

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Plan Membership

The following employees were covered by the benefit terms for the plan year ending June 30:

	2023	2022
Active employees	255	255
Inactive employees or beneficiaries		
currently receiving benefits	127	127
Total	<u>382</u>	<u>382</u>

NOTE 16 - (Continued)

Contributions

In fiscal year 2018, the Authority established a Qualified OPEB Trust (the Trust) for the benefit of SATCO's OPEB Plan with the intention that it qualifies as a tax-exempt trust performing an essential governmental function within the meaning of Section 115 of the Internal Revenue Code and Regulations issued thereunder and as a trust for OPEB in accordance with MGL Chapter 32B, Section 20.

The Trust was created for the sole purpose of providing funding for OPEB, as determined by the Authority, or as may be required by collective bargaining agreement, or by any general or special law providing for such benefits, for the exclusive benefit of the retired employees and their eligible dependents and for defraying the reasonable administrative, legal, actuarial and other expenses of the Trust. The assets held in the Trust shall not be used for or diverted to any other purpose, except as described in the Trust. The Trust is irrevocable and no trust funds shall revert to the Authority until all benefits owed to the retired employees have been satisfied or released. In addition, the assets are legally protected from creditors of the Authority, SATCo, and the Plan administrator.

The Authority and SATCo shall have no obligation to make contributions to the Trust to fund OPEB, and the size of the Trust may not be sufficient at any one time to meet the OPEB liabilities. The fair market value of the trust assets as of June 30, 2023 is \$645,033 (\$592,850 as of June 30, 2022).

Payable to OPEB Plan

At June 30, 2023, SATCo reported a payable of \$-0- for outstanding contributions to the Plan (\$-0- for the year ended June 30, 2022).

Actuarial Methods and Assumptions

Results of the Plan for the fiscal year ended on June 30, 2023 are based on liabilities developed in an actuarial valuation performed as of July 1, 2021 with a measurement date of June 30, 2023.

Results of the Plan for the fiscal year ended on June 30, 2022 are based on liabilities developed in an actuarial valuation performed as of July 1, 2021 with a measurement date of June 30, 2022.

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method:	Individual entry age normal
Inflation:	2.50% and for future periods
Salary increases:	3% annually and for future periods
Discount rate:	4.30% for 2023 (4.30% for 2022)
Investment rate of return:	4.13%, net of OPEB plan investment expense (5.19% for 2022)
Municipal bond rate:	4.13% as of June 30, 2022 (4.09% as of June 30, 2022)
Pre- and post-retirement mortality:	Mortality rates were based upon the RP-2014 Blue Collar Employee Mortality Tables for males and females
Healthcare trend:	Assumed healthcare trend rate of 4.50%
Participation rate:	Assumed that 100% of employees eligible to received retirement benefits would enroll in the plan

NOTE 16 - (Continued)**Discount rate**

The discount rate used to measure the total OPEB liability was 4.30% as of June 30, 2022 and 4.30% as of June 30, 2023. The projection of cash flows used to determine the discount rate assumed that contributions will be made in accordance with the Authority's funding policy. Based on these assumptions, the OPEB Plan's Fiduciary Net Position is projected to be insufficient to make all projected benefit payments to current plan members. Therefore, the long-term expected rate of return on the OPEB Plan assets is applied to the projected benefits payments which the Fiduciary Net Position is expected to be sufficient to cover and the Municipal Bond Rate is applied thereafter. The Municipal Bond Rate is based on the S&P Municipal Bond 20-Year High Grade Index ("SAPIHG"), which was 4.13% as of June 30, 2023. The S&P Municipal Bond 20-Year High Grade Index is the index rate for 20 year, tax exempt general obligation municipal bonds with an average rate of AA/Aa or higher.

Long-term rate of return

The long term rate of return on OPEB plan investments for the 2023 actuarial valuation was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic equity	57.50%	4.10%
Domestic fixed income	42.00%	1.05%
Cash	0.50%	0.00%
Total	100.00%	

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates

The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using a discount and healthcare cost trend rate that is 1 percentage point lower or 1 percentage point higher than the current rates:

	Discount Rate		
	1% Decrease (3.30%)	Current (4.30%)	1% Increase (5.30%)
Net OPEB liability as of June 30, 2023	\$ 41,469,763	\$ 35,098,212	\$ 30,001,052
	1% Decrease (3.30%)	Current (4.30%)	1% Increase (5.30%)
Net OPEB liability as of June 30, 2022	\$ 39,439,813	\$ 33,383,268	\$ 28,538,109

NOTE 16 - (Continued)

	Healthcare Cost Trend Rate		
	1% Decrease (5.50%)	Current (6.50%)	1% Increase (7.50%)
Net OPEB liability as of June 30, 2023	\$ 29,421,938	\$ 35,098,212	\$ 42,401,045
	1% Decrease (3.50%)	Current (4.50%)	1% Increase (5.50%)
Net OPEB liability as of June 30, 2022	\$ 27,987,626	\$ 33,383,268	\$ 40,325,053

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2023, the Authority recognized OPEB expense (recovery) of \$(353,045), which includes the change in deferred outflows and deferred inflows of resources (recovery of \$692,214 for the year ended June 30, 2022). At June 30, the Authority reported deferred outflows or resources and deferred inflows of resources related to OPEB from the following sources:

	2023		2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ (2,774,199)	\$ -	\$ (4,388,765)
Changes in assumptions	2,641,132	(855,823)	3,885,895	(2,574,155)
Net difference between projected and actual earnings on OPEB plan investments	3,420	-	23,566	-
Total	<u>\$ 2,644,552</u>	<u>\$ (3,630,022)</u>	<u>\$ 3,909,461</u>	<u>\$ (6,962,920)</u>
Net deferred outflows (inflows) of resources		<u>\$ (985,470)</u>		<u>\$ (3,053,459)</u>

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	2023	2022
2023	\$ -	\$ (2,085,100)
2024	(1,150,406)	(1,146,129)
2025	611,727	616,004
2026	(308,647)	(304,370)
2027	(138,144)	(133,864)
Total deferred outflows (inflows) of resources	<u>\$ (985,470)</u>	<u>\$ (3,053,459)</u>

NOTE 17 - COMMITMENTS AND CONTINGENT LIABILITIES

Fiscal year 2024 budget

For the fiscal year 2023, the Authority has an operating budget of \$55,337,599 which excludes depreciation expense. This budget includes grant-matching expenditures, which the Authority is required to meet as its share of Federal and State programs.

Federal and State funding

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. As of the date of the financial statements, the Authority is not aware of any expenditure that may be disallowed by a grantor.

Risk management

The Authority is exposed to various risks of loss related to torts, theft, damage and destruction of assets, errors and omissions, natural disasters, and workers compensation claims for which the Authority carries commercial insurance.

Litigation and self-insurance

In the normal course of operations, the Authority has been named in various claims and litigation. Based upon information available to counsel and the Authority, management believes that the ultimate outcome from these claims and litigations will not have a material adverse effect on the Authority's financial position

The Authority is self-insured for property damage and personal injury related to operations to a maximum amount of \$1,000,000 per incident. An excess liability, up to a maximum of \$5 million of losses per policy year, is covered by comprehensive insurance policies. It is the policy of the Authority to record a liability for reported claims as well as claims incurred and not yet reported based on a review of specific claims and incidents. Insurance claims have not exceeded insurance coverage in the past three years. At June 30, 2023 and 2022, the Authority's insurance claims reserve is \$2,500,000 for the self-insured portion of the risks associated with property damage and personal injury. A summary of the activity in the claims liability account during the years ended June 30 are as follows:

	<u>2023</u>	<u>2022</u>
Insurance claims reserve, beginning	\$ 2,500,000	\$ 2,500,000
Increase in reserve for claims provisions	135,632	433,565
Claims paid	<u>(135,632)</u>	<u>(433,565)</u>
Insurance claims reserve, ending	<u>\$ 2,500,000</u>	<u>\$ 2,500,000</u>

NOTE 18 - FEDERAL CARES ACT FUNDING

The Authority was awarded federal operating assistance under the Coronavirus Aid Relief and Economic Security (CARES) Act through an existing federal program 49 USC Section 5307. The funding is to cover eligible operating expenses and other costs, net of fare revenue, incurred as part of the Authority's response to COVID-19 beginning on or after January 20, 2020. Per the CARES Act and the awarding contract, the funding covers 100% of eligible expenses and does not require state or local matches.

The following contract was awarded to the Authority:

	<u>Performance Period</u>	<u>Total Contract Amount</u>	<u>Funds Spent through Fiscal Year 2022</u>	<u>Funds Spent in Fiscal Year 2023</u>	<u>Remaining Contract Amount</u>
Federal CARES Act Funding					
Federal Section 5307	1/20/2020 until spent	<u>\$ 36,615,416</u>	<u>\$ 13,364,279</u>	<u>\$ 2,586,400</u>	<u>\$ 20,664,737</u>

NOTE 19 - IMPLEMENTATION OF NEW GASB PRONOUNCEMENTS

The Governmental Accounting Standards Board (GASB) issued Statement No. 91, *Conduit Debt Obligations*, for implementation in fiscal year 2023. The primary objectives of this statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This statement had no impact on the Authority's financial reporting.

The GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, for implementation in fiscal year 2023. The primary objective of this statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. This statement had no impact on the Authority's financial reporting.

The GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*, for implementation in fiscal year 2023. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The Authority reviewed all software and information technology contracts and agreements and determined none met the criteria for reporting as a SBITA under this statement. This statement had no impact on the Authority's financial reporting.

The GASB issued Statement No. 99, *Omnibus 2022*, for implementation in fiscal year 2023 and 2024. The objectives of this statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB statements and (2) accounting and financial reporting for financial guarantees. This statement had no impact on the Authority's financial reporting.

The GASB issued Statement No. 100, *Accounting Changes and Error Corrections - An Amendment of GASB Statement No. 62*, for implementation in fiscal year 2023. The primary objective of this statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This statement had no impact on the Authority's financial reporting.

Notes to Schedules for PVTA Pension Plan

Valuation date:

Actuarially determined contribution rates are calculated as of June 30, 2022.

Methods and assumptions used to determine contribution rates:

Actuarial cost method:	Entry age normal
Amortization method:	15 year level dollar of the existing net pension liability as of the valuation date
Remaining amortization period	15 years. Fresh start method with amortization remaining unfunded amortized each year.
Asset valuation method	Market value of assets as of the measurement date
Inflation:	3% and for future periods
Salary increases:	4% annually and for future periods
Investment rate of return:	6.88%, net of pension plan investment expense, including inflation for small plans

Last 10 years: Only plan years 2014 to 2022 available.

See independent auditors' report.

PVTA OPEB Valuation date:

Actuarially determined contribution rates were calculated as of July 1, 2022 with a measurement date of June 30, 2023.

Methods and assumptions used to determine contribution rates for PVTA:

Actuarial cost method:	Individual entry age normal
Municipal bond rate:	4.13% as of June 30, 2023 (Source: S&P Municipal Bond 20-Year High Grade Index)
Discount rate:	4.13%
Inflation:	2.50% as of June 30, 2023 and for future periods
Salary increases:	3.00% annually and for future periods
Pre- and post-retirement mortality:	Mortality rates were based upon the RP-2014 Mortality Table for Blue Collar Employees projected generationally with scale MP-2016 for males and females, set forward 1 year for females
Disabled mortality:	Mortality rate was based upon the RP-2014 Mortality Table for Blue Collar Healthy Annuitants projected generationally with scale MP-2016 for males and females, set forward 1 year.

Changes in assumptions: Effective June 30, 2022, discount rate changed from 4.09% to 4.13%.

Last 10 years: Only plan years 2018 to 2023 available.

See independent auditors' report.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Advisory Board of
PIONEER VALLEY TRANSIT AUTHORITY
2808 Main Street
Springfield, MA 01107

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Pioneer Valley Transit Authority as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Pioneer Valley Transit Authority's basic financial statements, and have issued our report thereon dated September 22, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Pioneer Valley Transit Authority's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pioneer Valley Transit Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Pioneer Valley Transit Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pioneer Valley Transit Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

June 30, 2023

FINANCIAL STATEMENT FINDINGS

There were no findings or questioned costs for the year ended June 30, 2023.

FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

There were no findings or questioned costs for the year ended June 30, 2023.

STATUS OF PRIOR AUDIT FINDINGS

Prior Year Finding 2022-001: Lack of Controls over Financial Reporting
Material Weakness

Prior Year Reportable Condition

During the fiscal year 2022 audit, we noted several account balances which were not properly reconciled prior to the start of the audit, including accounts receivable, capital assets, accrued expenses, deferred revenue, and intercompany payables. As a result, we proposed several material adjustments to be recorded in the Authority's general ledger.

Prior Year Auditors' Recommendation:

We recommended that the Authority document in its Accounting Policies and Procedures manual the required month-end closing procedures to be performed by the Finance department. The month-end closing should also include preparation of the Authority's internal financial statements and aging schedules, to be reviewed with the Administrator and the Authority's Finance Committee.

Current Status:

The Authority has implemented a monthly closing process, with financial reports being presented to the Administrator and the Authority's Finance Committee. Accounts receivable, accrued expenses, deferred revenue, and intercompany accounts were reconciled prior to the start of the fiscal year 2023 audit. The fixed assets were in the process of being reconciled when we started the audit in mid-July 2023, and they were reconciled prior to our report being issued.

Prior Year Finding 2022-002: Lack of Reconciliation over Fixed Assets

Material Weakness

Prior Year Reportable Condition

In fiscal year 2020, the Authority began a conversion to a new fixed asset software module. The conversion project has been ongoing, and the balances reported in the fixed asset software did not agree to the balances reported in the accounting general ledger.

Prior Year Auditors' Recommendation:

We recommended that the fixed asset software be reconciled to the accounting general ledger monthly, and that the additions and disposals be recorded in the fixed asset software at the time the transaction occurs.

Current Status:

The Authority completed the fixed asset conversion project to the new software module. The finance department staff have received training on the fixed asset software. The Authority reconciled the fixed assets reported in the general ledger to the fixed asset software during fiscal year 2023.
